DETAILED ACTION

Allowable Subject Matter

Claims 1-9 and 11-16 are allowed.

The following is a statement of reasons for the indication of allowable subject matter:

The prior art taken either singularly or in combination fails to anticipate or fairly suggest the limitations of the independent claims, in such a manner that a rejection under 35 U.S.C. 102 or 103 would be proper. Although the prior art teaches progressive power lenses having two refractive surfaces and comprising a distance portion, a near portion and an intermediate portion, the prior art fails to teach a progressive lens encompassing all of the claimed limitations including the limitation wherein the eyeball side-refracting surface is a progressive surface as claimed in independent claims 1-4, 7, 15 and 16.
